That usurpation of the legislatures' sole authority, delegated by the Constitution, was a primary reason why the election of 2020 became riddled with an unprecedented number of serious allegations of fraud and irregularities. National polls indicate a large percentage of Americans now have serious doubts about not just the outcome of the current presidential contest, but also the future reliability of our election system itself. We share these grave concerns. However, as it pertains to our constitutional duty as Members of Congress on January 6, we have no express authority or ability to independently prove the many allegations of fraud in the subject states.

My statement on impeachment: bit.ly/35CdKtB

REP. ALLEN STATEMENT ON IMPEACHMENT

WASHINGTON - Congressman Rick W. Allen (GA-12) today released the following statement after opposing impeachment:

"What we saw last week was an assault on our democracy, and that tragic day has highlighted the urgent need for leaders on **both sides of the aisle** to end the extreme rhetoric and come together to help unite our country. The attack should never have happened, and we must launch a full investigation into the security failure so that we can take appropriate action. However, my Democratic colleagues have launched a rushed impeachment process just one week before President Trump's term ends that will do more to divide our country than unite us.

"This vote was called without one single hearing in the Judiciary Committee or opportunity for cross examination. In the Senate, a trial will not even begin before President Trump is out of office!

"We should be focused on pressing policies to help the American people, like growing the economy, creating jobs and defeating COVID-19. In order for the nation to unify and heal after last week's assault on our Capitol, the best way forward is through a peaceful transfer of power next week, which is why I opposed impeachment."

.@GaRepublicans & @realDonaldTrump campaign have leveled serious allegations about the integrity of the vote in Georgia. I led the incoming Georgia @HouseGOP delegation in a letter calling on @GaSecofState to address these before certifying the November 3 General Election

4:35 PM · Nov 10, 2020 · Twitter for iPhone

Dear Secretary Raffensperger,

As Members and Members-Elect of the Georgia Congressional Delegation, we are deeply concerned by continued, **serious allegations of voting irregularities in our state**. The Georgia Republican Party and the Donald J. Trump for President Campaign have received reports of deceased or ineligible voters casting ballots, eligible voters being denied the opportunity to vote, and Republican poll watchers and observers being denied access to activities and meetings critical to ensuring a fair, accurate, and transparent vote tabulation.

As such, we write to request your thorough review of the allegations brought forth by the Georgia Republican Party and the Donald J. Trump for President Campaign. Specifically we ask you fully examine and grant the requests laid out in their letter addressed to you earlier today **before certification of the November 3, 2020 General Election.**

A fair election ensures all legal ballots are counted. We are united in asking you to ensure that such is the case and look forward to your prompt response.

*"After listening to constituents in the First District of Georgia, studying, and much prayer, **I have decided to object to the certification of the electoral votes from the State of Georgia.** The Constitution is clear - only the Georgia General Assembly is vested with the authority to determine the manner for appointing presidential electors. However, state officers circumvented the legislature to enter into an agreement that substantially changed how the elections are administered in our state. Since March, I have raised concerns and objections to these changes, but my concerns have been met with inaction and silence.*

Additionally, members of the Georgia General Assembly continue to raise serious allegations of voting irregularities. New cases of concern continue to be brought to my attention to this day. Congress has a responsibility to the American people to examine these cases and ensure the integrity of our elections. That needs to be done on the floor of the U.S. House of Representatives.

So, today, I will continue to stand up for my constituents and free and fair elections."

SAVANNAH, Ga. (WSAV) – Savannah attorney Wade Herring is calling for Georgia Congressman Buddy Carter to resign after penning a letter to Carter Wednesday in the [Savannah Morning News](#).

“The letter was addressed to Congressman Carter who I’ve known for 30 years,” Herring told us.

He said it wasn’t an easy decision but he felt compelled to use the public forum to call out Carter regarding disinformation about the November election.

“There were people who believed the ‘Big Lie’ and it was incumbent upon him (Carter) as an officer of the Constitution to speak out and say this is not true and he did not do that,” said Herring.

Herring says he has admired Carter and voted for him in some past elections but now is asking Carter to apologize and resign. “I think he has forfeited his right to serve as a congressman given the conduct,” Herring said. “When he (Carter) speaks, people listen.”

Herring took Carter to task for supporting legal action from the state of Texas against the state of Georgia.

“I was also concerned that Congressman Carter had remained silent while President Trump pressured our governor and our Secretary of State and our Lieutenant Governor to challenge the election when there were no facts and no law to support that challenge,” he said.

Election security is too important to cast aside post-inauguration

Social Media Review

Congress has now certified the election in favor of President Biden, and former President Donald Trump has peacefully handed over power, continuing our centuries-old tradition that has existed since George Washington left office in 1797.

In the wake of the tragic events that occurred on Capitol Hill on Jan. 6, I believe it is time our nation begins a much-needed healing process. As part of the process, it is imperative that we address the irregularities and misconduct that have littered our elections for too long and that led millions of people, Republican and Democrat alike, to question the electoral process and the outcome of the 2020 presidential election.

Voters deserve to be able to cast their votes with confidence and to trust in the electoral process and outcome, irrespective of which candidate or party comes out on top. Every legal vote must be counted, and those that are illegal must be set aside, as we cannot allow legal votes to be invalidated by them.

Unfortunately, we know that was not the case in Georgia and in several other states that similarly grappled with numerous allegations of fraud, video footage of poll workers' questionable conduct, and hamstrung court cases. But most detrimental to our elections is the fact that so many states allowed fringe operators to bypass the power of their legislative bodies, and in doing so, knowingly trampled the U.S. Constitution.

I've talked to thousands of Georgia taxpayers, Trump voters, and friends about our election.

It's time to fix it!

Georgia voters are devastated and have lost confidence in the integrity of our elections, and we are quickly approaching our critical Senate seats in a runoff on Jan. 5th.

In 2019, Georgia taxpayers spent \$107 million dollars on Dominion voting machines.

Even Democrats objected to buying these machines because of well known problems with the machines, but Secretary of State Brad Raffensperger bought the machines anyway.

After signing that disastrous deal in Spring of 2019, Raffensperger settled with Stacey Abrams and removed the three signature verification process. This removed the ID requirement and subjected our voting process to massive fraud.

I am confident that Georgia voted for Trump. Joe Biden did not win our state.

In the aftermath of human error, illicit fraud, missing memory cards, duplicated ballots, dead people voting, and absentee ballots being found in cardboard boxes a week after the the election, no Georgian can be confident this hasn't been stolen and given directly to Sleepy Joe Biden and Communist Kamala Harris.

The only way to restore confidence to Georgian voters is to take multiple steps the people of our state are asking for:

county in every precinct.

4. Readjudicate all absentee ballots.

5. Allow volunteer observers to watch the audit and recount. Do not limit the amount of observers. The process must be recorded. Full transparency is expected and should be required.

6. Demand the General Assembly require voter ID to prove LEGAL residency in order to receive an absentee ballot in all Georgia elections.

Georgians MUST come together in order to stop Democrats from New York, California, and DC from stealing our Senate Seats!

Georgia! Save Ame

Socialism! WIN GEO

I will continue the fight to [#StopTheSteal](#) in Washington D.C. on January 6th!

Read my statement on today's Electoral College vote below:

Marjorie Taylor Greene (R-GA) Releases Statement on Georgia's Electoral College Vote

Rome, GA – Incoming Georgia Congresswoman Marjorie Taylor Greene released the following statement on today's Electoral College vote in Georgia:

"The Republican slate of electors in our great state of Georgia showed unprecedented courage in casting their votes for the rightful winner of Georgia, President Donald Trump.

Without the widespread voter fraud, out-of-state voters, mail-in ballots from dead people, and "discovery" of hidden ballots, we all know that President Trump wins our state in a landslide.

The brave men and women who recognized the theft of our election system in Georgia by Joe Biden and the rest of the Radical Socialist Democrat Party should be supported and thanked for their bravery to cast their votes for the President.

These Republicans refuse to allow our election to be stolen and I will continue that fight in Washington D.C. on January 6th when I join my colleague Rep. Mo Brooks to reject fraudulent electoral votes from crucial states who ignored state and federal law to change the manner in which our elections have been conducted for hundreds of years.

This fight isn't over. It's just begun."

David Shafer  @DavidShafer · Dec 14, 2020

Statement from Congresswoman Marjorie Taylor Greene

Statement from Congresswoman Marjorie Taylor Greene

January 20, 2017 -- President Trump's Inauguration Day -- over 200 Communist ANTIFA terrorists were arrested in Washington, DC, after rampaging through the streets of the city, which was guarded by 3,000 officers and 5,000 National Guardsmen. The stated goal of these riots was to "undermine Trump's presidency from the get-go. There has been a lot of talk of peaceful transition of power as being a core element in a democracy and we want to reject that entirely and really undermine the peaceful transition."

Less than five months later, a radical Democrat activist named James Hodgkinson hunted down, attacked, and nearly assassinated close to a dozen Republican Congressmen on a baseball field in Alexandria, Virginia.

And over the last four years, Marxist BLM and Communist ANTIFA terrorists caused billions of dollars in damage to private property, historical statues and monuments, government buildings, as well as caused the deaths of at least 47 Americans. Democrat politicians from across the country openly cheered them on and joined them in calls to defund our great law enforcement officers.

While I've been encouraged to see every member of the House and Senate denounce the despicable attack on our Capitol on January 6, I'm disappointed in those who still to this day justify the BLM / ANTIFA violence that has occurred across our country over the last four years.

As we head into Inauguration Day next week, I call on the 75 million Americans who voted for President Trump to peacefully and patriotically oppose the policies of the incoming left-wing administration and Congress. But under no circumstances will violence of any sort be tolerated in our opposition to the Democrats' Socialist agenda. If you hear of someone wanting to commit violence, or if you see someone committing a violent act, contact the nearest law enforcement authority.

If you are someone who thinks violence is necessary to advance our America First agenda, you are not welcome in our movement, and never have been. It's not why we supported President Trump, and it's not why we'll continue fighting for Americans First for years to come.

The Socialist Democrats, the incoming administration, the DC Swamp, and the Silicon Valley Cartel are looking for any reason to implement Communist Chinese-style spying and censorship on the American people in opposition to these attacks on our liberties.

President Trump showed us what patriotic leadership looks like the past four years, and I will fight for Americans First going forward. From defending our borders, American companies, our hard-earned tax dollars, our jobs, every American regardless of identity, our great American military, the unborn, our free speech, our gun rights, standing up to the fake news, and opposing unnecessary foreign wars, no President in modern history has fought for Americans like he has.

It's time for America First Republicans to run for office at the local level, work in county election offices, school boards and PTAs, and run for higher offices in 2022 and 2024. You can no longer use the excuse that you are working or too busy. It's time to put America First candidates in office everywhere.

Our MAGA Movement is not over. Like President Trump has said, it's only just begun.

Let's make America great again!

Fake News CNN is writing yet another hit piece on me focused on my time before running for political office.

Over the years, I've had teams of people manage my pages. Many posts have been liked. Many posts have been shared. Some did not represent my views.

Especially the ones that CNN is about to spread across the internet.

They are taking old Facebook posts from random users to try to cancel me and silence my voice.

CNN hasn't once tried to cancel a Democrat. Even those who called for violence while in office.

Here's the truth, the Democrats and their spokesmen in the Fake News Media will stop at nothing to defeat conservative Republicans.

They are coming after me because I'm a threat to their goal of Socialism.

They are coming after me because they know I represent the people, not the politicians.

They are coming after me because, like President Trump, I will always defend our values.

They want to take me out because I represent you. And they absolutely hate it.

Prepare for the smears. Prepare for the attacks.

I will never back down to the enemy of the American people and neither should you.
